However, the term "grievance" shall not apply to any matter which (a) a method of review is prescribed by law or State Board Rule having the force and effect of law, or (b) any matter which according to law, is either beyond the scope of the Board authority or limited to unilateral action by the Board authority or limited to unilateral action by the Board alone, (c) a complaint of a non-tenure teacher which arises by reason of his not being re-employed, or (d) a complaint by any certificated personnel occasioned by appointment to or lack of appointment to, retention in or lack of retention in any position for which tenure is either not possible or not required. As used in this definition, the term "employee" shall mean also a group of employees having the same grievance. A grievance to be considered under this procedure must be initiated by the aggrieved within

thirty (30) calendar days of its occurrence, or within thirty (30) calendar days of when the teacher should have known of its occurrence. If the grievance is not filed within this thirty (30) day limit, the grievance is deemed waived. The Association recognizes that the Board has the responsibility and the authority to manage and direct on behalf of the public all the operations and activities of the school district to the full extent authorized by Law. The exercise of these powers, rights, authority, duties, and responsibilities by the Board and adoption of such rules, regulations and policies as it may deem necessary, shall be limited only by the specific and expressed terms of this agreement.

- a. Any professional employee who has a grievance shall discuss it first with his principal in an attempt to resolve the matter at that level.
- b. If, as a result of the discussion, the matter is not resolved to the satisfaction of the aggrieved employee, he shall set forth his complaint in writing to the principal. The written grievance shall contain a statement as to all facts which the employee intends to rely upon in support of the grievance and the specific article of the contract shall have been violated. The principal shall communicate his decision to the employee in writing within ten (10)

school days after receiving the written grievance.

- c. If the grievance is not settled after reaching the principal, the matter may be referred to the Professional Relations Committee of the Central Teachers Association for consideration. The Committee shall make a determination as soon as possible, but within a period not to exceed ten (10) days.
- d. If the Professional Relations Committee determines that the grievance has or may have merit, it shall recommend that the grievance be heard by the Board of Education. The Board, or a committee thereof, shall review the grievance and, if the Board deems necessary, hold a hearing with the employee and render a decision in writing within thirty (30) days of receipt of the grievance by the Board or within thirty (30) calendar days of the hearing with the employee, whichever comes later. The decision of the Board shall become its final determination and shall be reviewable only as provided by law or pertinent to section "g" of this article.

- e. If the Professional Relations Committee determines that the grievance is without merit, it will so advise the employee and a copy of its findings shall be sent to the Administrative Principal and to the Board of Education.
- f. An employee whose grievance has been determined to be without merit by the Professional Relations Committee, shall have the right to appeal to the Board of Education.
- g. If circumstances seem to make it desirable, the Board of Education and the employee or his representatives may seek independence advice to assist them in reaching an agreement. All information previously gathered shall be made available to the advisers so obtained.
